PROJECT

OUTDOOR SWIMMING POOL
NEUMARKT

LOCATION
Neumarkt/Stmk., Austria

PUBLIC BUILDINGS

COMPACT SOLUTIONS FOR
CHALLENGING OPERATING CONDITIONS

The modernisation project has given the Neumarkt outdoor swimming pool a technical and functional refurbishment. At the heart of the project is a new catering and service building. Constructed from approximately 955 m² of KLH® – CLT, the building combines functional efficiency with a warm and inviting atmosphere. Despite limited space and challenging conditions, the catering, service and technical areas were successfully integrated into a compact design.

Following completion in October 2025, the revitalised facility opened in spring 2026 and continues the long tradition of swimming in a contemporary setting.

PROJECT INFO
KLH® – CLT: 955 m² / 139 m³
Stored CO2: 106 t CO2 eq.
Regrowth period in Austria: 2 minutes
